**One Mission → Global Awareness → Safer Digital Communities**

# THE CYBER SAFETY CHALLENGE

## THE DIGITAL THREAT IS EVERYWHERE

Technology has made life easier, but it has also created new opportunities for cybercriminals.

### Major Threats: Vigilance & Account Security

- Online Financial Fraud
- Phishing & Scams
- Fake Loan Applications
- Identity Theft
- Account Hacking

### Major Threats: Social Media & Personal Welfare

- Social Media Fraud
- Fake Profiles
- Online Blackmail
- Deepfake Content
- Digital Harassment

### The Challenge

Many people learn about cyber threats only after becoming victims.

# OUR MISSION
# “AWARENESS BEFORE THE INCIDENT”

CAWS aims to educate people about cyber risks before an incident occurs.

# WHY CYBER AWARENESS NEEDS SCALE

Cyber threats do not remain limited to one location.

Individual

Family

Student

Business Office

Institution

Community

**Therefore, cyber awareness also needs to move beyond individual locations.**

## CAWS Vision

1 Local Awareness

2 Digital Reach

3 International Accessibility

# OUR SPONSORSHIP MODEL

## A STRUCTURED CORPORATE PARTNERSHIP

CAWS proposes an institutional sponsorship model connecting corporate support with measurable cyber-awareness activities

**Corporate Support** → **Awareness Campaigns** → **Community Outreach** → **People Reached** → **Impact Documentation**

**Key Principles**

- Transparency
- Accountability
- Responsibility
- Impact

# NO INDIVIDUAL DONATION-BASED AWARENESS MODEL

## CAWS POLICY

Cyber Awareness Welfare Society

### WHAT WE DO NOT DO

CAWS proposes that individuals attending awareness programs, seminars or community activities **should not be approached for personal donations** as part of the campaign model.

### WHAT WE DO

**Instead, Campaigns May Be Supported Through**

- Corporate Sponsors
- Industry Partners
- Institutional Partners
- Approved Supporting Organizations

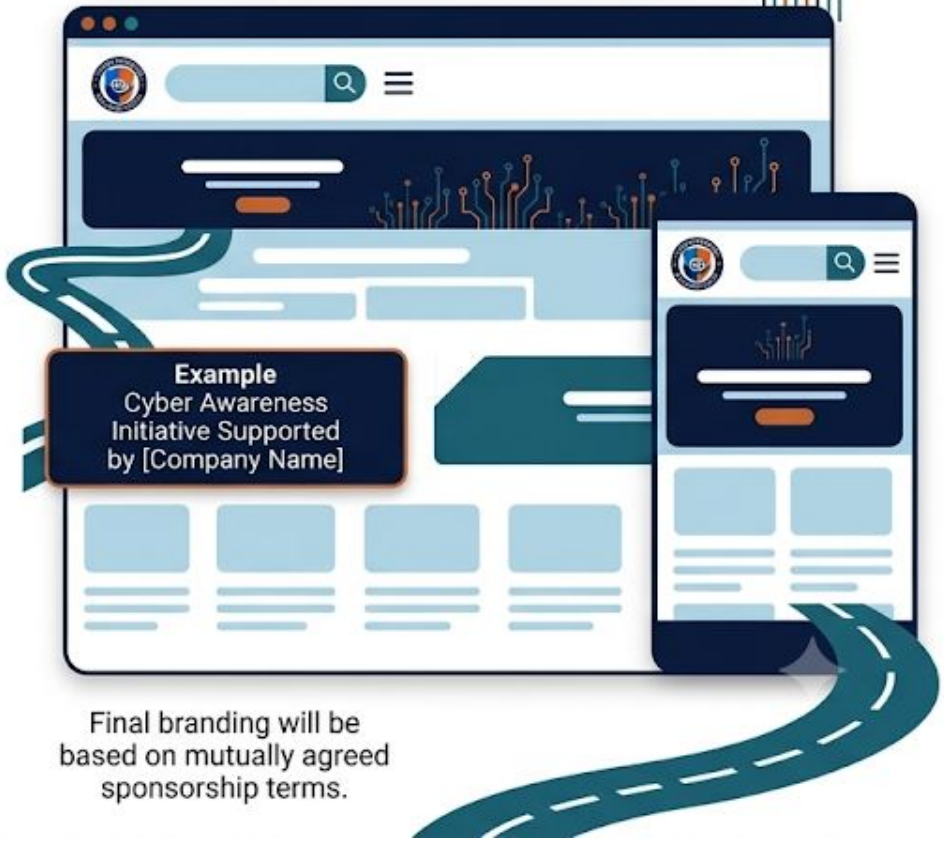

**Our Principle: Awareness First. Transparency Always.**
